- **Official Transcript.** Official Transcripts are made on a school basis, rather than individual basis. If you see all your grades on our web page, you may still need to wait to get your official transcript until transcripts for all incoming students from your home university are ready to be mailed. All official transcripts will be mailed to your home university, NOT to each individual student. Since we are still waiting some grades, it will be a while for us to make transcripts and mail them to your home university in September, so please be patient about it. We will be only responding the request from our partner university during the vacation.
